## Hall Pass Timer

### Description

---

#### Hall Pass Timer

The Hall Pass is in the handle - it disconnects from the Teacher Monitor (square base) for carrying.

The same time is kept on both devices and both can easily be set for an allotted time of absence.

Includes "time's up" warning lights and alarms on both pieces, as well as "memory time" in the Teacher Monitor which gives the time for the last three uses of the pass.

The Hall Pass has an accompanying lanyard for hands-free use.

Hangs on your wall or sits on your desk for easy access.

Requires four "AAA" batteries (included). 4-1/2 W x 8-1/2 L x 2 thick. One-year warranty. Grade 3 and up.
